

29th November 2018

Dear Geraldine & all the staff at Parkview.

Sincere thanks for all the love & care shown to my late mother Mabel Skipp.

Although she resisted the thought of residential care at first, once she settled in she was happy & felt safe in your care.

All her family appreciated the care she received whilst with you. The all too short time she spent with you, made for a precious time for all of us, knowing that she was being well looked after.

Yours very sincerely,

Marie A. Kieran
