

Thursday 12<sup>th</sup> July 2018,

To the Manageress and staff at Rose House,

Thank you for looking after Frank while I had a break in Tenerife, and for looking after him at such short notice. I know you have so much caring and work to do for each and every resident and most of this entails so much dedication from the top to the bottom of all your carers.

I feel you achieve this due to the dedication and enjoyment of the jobs you all do so admirably.

I am sure Frank enjoyed his stay with you, and he certainly had quite a few visitors which would have passed the time away for him.

Thank you all so much for your care and patience with Frank and he has chosen these chocolates for you as a thank you for all you did for him.

With our love and Thanks.
