

Cherry Tree Lodge Care Home May - July 2018

CHERRY TREE LODGE IS LIKE BRANCHES ON A TREE, WE MAY GROW IN DIFFERENT DIRECTIONS BUT OUR ROOTS REMAIN THE SAME.

Blooming Marvelous Gardening Project:

Residents, Staff and Families are working together to compete in the **Blooming Marvelous** Competition set by our Dementia Team.

This is run on a Thursday at 10am. They are planting courgettes, lettuces, tomatoes, sweet peas, runner beans and strawberries along with some beautiful flowers.

Saturday Matinee.

Each Saturday the residents have a film on for them to watch.

They can enjoy, popcorn, sweets, and drinks, they get to choose the film they would like to watch in the week and all is displayed on the daily board in Reception.

Residents use the large day room upstairs and have it set for a movie day.

Feedback – “this brings back some memories”.

Staff Feedback – “It’s so nice to see the smiles on the residents’ faces and how much they enjoy just to watch a film with refreshments”.
